

## NuStar Recognized as Top Workplace for Millennials for 5th Time

July 16, 2021

SAN ANTONIO--(BUSINESS WIRE)--Jul. 16, 2021-- NuStar Energy L.P. (NYSE: NS) has been honored as one of the [2021 Best Workplaces for Millennials™](#) by *Fortune* magazine and Great Place to Work. This is the company's 5<sup>th</sup> time to be recognized as one of the top workplaces for millennials in the country.

"This recognition truly celebrates the positive spirit of our millennials and *all* of our other employees," said Brad Barron, President and CEO of NuStar Energy L.P. "We are so grateful to our employees for their energy, enthusiasm and can-do attitude.

"It's gratifying to know that employees of every generation enjoy working at NuStar because of our unique caring and sharing culture created by our Chairman Bill Greehey. He established our employee-focused culture many years ago, and we're continually striving to make NuStar an even greater place to work as our employees are the key to our success."

NuStar also has been honored with several other top workplace honors in 2021, including being named to *Fortune*'s list of the 100 Best Companies to Work For, and the list of Best Workplaces in Texas. Additionally, the company was designated as one of the 2021 Best Places for Working Parents and ranked among the 25 Best Companies For Latinos to Work by Latino Leader Magazine.

The Best Workplaces for Millennials award is based on an analysis of survey responses from more than 5.3 million current employees at companies across the country. In that survey, 94 percent of NuStar's employees said that the company is a great place to work, which is 35 percent higher than the average U.S. company.

The Best Workplaces for Millennials list is highly competitive. Great Place to Work, the global authority on workplace culture, selected the list using rigorous analytics and confidential employee feedback. Companies were only considered if they are a Great Place to Work-Certified™ organization.

Great Place to Work is the only company culture award in America that selects winners based on how fairly employees are treated. Companies are assessed on how well they are creating a great employee experience that cuts across race, gender, age, disability status, or any aspect of who employees are or what their role is.

"The Best Workplaces for Millennials™ treat their employees like people, not just employees," said Michael C. Bush, CEO of Great Place to Work®. "These companies foster caring and respect for one another, at every level of the organization. The result is millennial employees who say they look forward to coming to work and – as our research says – are 50 times more likely to stay a long time."

### About NuStar

NuStar Energy L.P., a publicly traded master limited partnership based in San Antonio, Texas, is one of the largest independent liquids terminal and pipeline operators in the nation. NuStar currently has approximately 10,000 miles of pipeline and 73 terminal and storage facilities that store and distribute crude oil, refined products, renewable fuels and specialty liquids. The partnership's combined system has approximately 72 million barrels of storage capacity, and NuStar has operations in the United States, Canada and Mexico.
